

MISSING PERSONS PROGRAMS

AMBER ALERT -used only for abducted children, 17 years of age or younger or when a child's safety is at risk. Use EAS (Emergency Alert System) to send out alert, also fax out alert to WVNOWMFD (TV 68) at 419- 529-2319, channel 4 at 614-261-4762 and Ohio News Network at 614-280-3600. Refer to your Amber procedures.

LOCATER-NATIONAL CENTER FOR MISSING & EXPLOITED CHILDREN -can be used for any missing child (includes runaways) or missing adult. Can also be used as a crime alert -wanted persons/vehicles, etc. (this program is sponsored by BSSA).

A CHILD IS MISSING -used for abducted or missing children up to 18 years of age. Also for the disabled and elderly. Law enforcement places a call to "ACIM" at 1-888-875-2246, which goes into a databank & then calls residents & businesses around the area where the person was last seen. This program generates 1000 calls in less than 5 minutes. (This program is sponsored by "A Child is Missing")

ABDUCTION CENTRAL ALERT -used for amber alerts, missing children, runaway children, missing adults, abductions, Alzheimer's patients, etc. A picture can be scanned or just a fax sent to all agencies listed in the contacts. There are over 1100 contacts listed within our zone, which is a 100-mile radius. This includes law enforcement & businesses in our zone. (This program is sponsored by Child Alert Foundation).

Guidelines for issuing and canceling an AMBER ALERT .

The AMBER ALERT system **IS NOT** designed to report runaway children, missing persons, children missing more than 24 hours by the time of report, children who become lost where foul play is not in evidence, children taken custody by parents in visitation or custody disputes, children who fail to report to school or who fail to return to a parent or caretaker's home absent foul play or articulable facts of a stranger abduction.

The basic criteria to activate the AMBER ALERT is as follows:

1. THE CHILD IS 17 YEARS OF AGE OR YOUNGER; AND
2. THE CHILD'S SAFETY IS AT RISK, AND;
3. THE ABDUCTOR AND/OR CHILD ARE LIKELY TO STILL BE IN THE CENTRAL OHIO BROADCAST AREA, AND;
4. THERE IS A LIKELIHOOD SOMEONE PROVIDED WITH A DESCRIPTION OF THE ABDUCTOR, THE CHILD, OR THE VEHICLE INVOLVED MAY OBSERVE AND REPORT THE WHEREABOUTS OF THIS PERSON(S) TO LAW ENFORCEMENT OFFICERS.

The AMBER ALERT system may be initiated whenever there is a reasonable degree of certainty it will assist in the investigation of a stranger abducted child or missing child where a stranger abduction or foul play as previously described is suspected. The Investigating Officer and the Shift Supervisor will consider the following circumstances when evaluating whether an AMBER ALERT should be issued:

1. The age of the child, health and condition of the missing child.
2. The time, place and manner of the abduction or circumstances related to the child's disappearance including timeliness of reporting the child missing.
3. Reliability of eyewitness accounts of what happened including information describing the child victim, the perpetrator, vehicle, license plate number and/or location description.
4. Danger presented to the child.
5. Review of any convincing circumstantial evidence of foul play.
6. Determination by the Investigating Officer upon credible evidence that recovery of a missing child through an AMBER ALERT may enhance the recovery of that child.

Once the Investigating Officer and the Shift Supervisor determine an alert should be issued, they will contact the Communications Supervisor/Senior Dispatcher on duty .The Road OIC & Senior Dispatcher will make the final decision as to whether the AMBER ALERT will be issued.

When the AMBER ALERT is cancelled, **DO NOT** broadcast the information over the EAS. You are to send a Broadcast Fax to the agencies you had originally sent the faxes to on the alert.

INVESTIGATIVE CHECK LIST FOR FIRST RESPONDERS

(Note: this checklist is provided to assist local law enforcement in the investigation of stranger-related child abduction cases. Fast action is paramount in the safe Return of the child and the identification of the abductor.)

IF THERE IS AN EYEWITNESS TO THE ABDUCTION

UPON RECEIPT OF COMPLAINT

- Immediately Broadcast Information over Police Frequency to alert all Officers of Possible Abduction, to include Victim Description, Suspect Description, and Vehicle Description

UPON ARRIVAL AT THE SCENE

- Confirm and "fine-tune" information provided by witness
- Broadcast updated information regarding victim/abductor/vehicle description over all available police frequencies in area, including LEADS
- Confirm involuntary disappearance with caregiver/parent
- Obtain latest photograph available of child/suspect/vehicle for broadcast
- Request additional personnel
- Contact the local FBI office or BCI for assistance as necessary
- Locate, separate, and interview all witnesses
- Secure area where victim was last observed and treat as a crime scene.

IF NO EYEWITNESS TO THE ABDUCTION:

GATHER INFORMATION TO MAKE INITIAL ASSESSMENT

Factors to Consider:

- Victim's Last Known Activity
- Victim's Age
- Witness Accounts
- History of Disappearance
- Previous Similar Events Reported in neighborhood

INVESTIGATIVE STEPS

- Conduct search of immediate area where child went missing as well as the child's home, to include all outbuildings and vehicles, anywhere a child could hide or be hid
- Locate, separate, and interview all witnesses
- Develop "Window of Opportunity"
- Secure area where victim was last observed and treat as a crime scene
- Recognize caregiver/parent may have false-reported as a way to cover for other crime committed against the child

IF THE INFORMATION COLLECTED POINTS TO A LEGITIMATE CHILD ABDUCTION:

DETERMINE IF THE BELOW AMBER ALERT CRITERIA ARE MET

AMBER ALERT CRITERIA

- Law Enforcement Confirms That The Child Is Under 18 Years Of Age
- Law Enforcement Believes The Abduction Poses A Credible Threat Of Immediate Danger Of Serious Bodily Harm Or Death To The Child

- There Is Sufficient Descriptive Information About The Child, Abductor, And/Or Suspect Vehicle To Believe An Immediate Broadcast Alert Will Help

**IF THE ABOVE CRITERIA ARE MET
